BUSINESS ON CENTRAL

BRICK STORE BUILDING TO BE ERECTED ON CORNER OF IVY

The southwest corner of Ivy St. and Central Avenue will soon be improved with a new one-story brick building. The corner was recently sold by Mr. Philip W. Parker to Mr. John M. Lang, of Los Angeles, who will open a drug store as soon as his building is completed.

The structure will be 50x50 feet in size, to be built of brick exterior walls and frame partitions. The two street fronts will be stucco with a dark red brick trim. The total cost of investment will amount to between $12,000 and $13,000. Construction will commence the latter part of this week and will be completed by the first of May. The building department of the Bentley-Schoeneman Lumber Company are the designers and have the contract for the construction.

FOOD DRAFTS

COMPREHENSIVE PLAN FOR SUPPLYING FOOD TO EUROPE WITHOUT SENDING MONEY

F. H. Vesper of the Bank of Glendale has called the attention of the Evening News to the plan evolved by the American Relief Administration for quickly supplying the food needs of residents of various European countries by means of food drafts. A resident of Glendale wishing to supply with food a relative or friend in Germany, Austria, Poland, Hungary or Czecho-Slovakia can go to the bank, pay either $10 or $50 for a food draft, which is sent just as a money draft would be to the European resident, who goes to the American Relief headquarters and is given the food called for in the draft. There are four kinds of these. "A" draft costs $10 and pays for 24 1-2 pounds of flour, ten pounds of beans, eight pounds of bacon and eight cans of milk. "B" costs $50 and is good for 140 pounds of flour, 50 pounds of beans, 16 pounds of bacon, 15 pounds of lard, 12 pounds of corned beef and 48 cans of milk. "C" costs $10 and cails for 24 1-2 pounds of flour, 10 pounds of beans, 7 1-2 pounds of cottonseed oil and 12 cans of milk. "D" calls for an outlay of $50 and secures for the European recipient of the same 140 pounds of flour, 50 pounds of beans, 45 pounds of cottonseed oil and 48 cans of milk. No exchange is charged on these drafts.

As many as desired can be purchased and sent to the same person in Europe. The centers of the American Relief Administration in Europe are Berlin for Germany, Vienna for Austria, Warsaw for Poland, Budapest for Hungary and Prague for Czecho-Slovakia.

POST AND CORPS

DEMOBILIZATION OF SERVICE FLAG AT LARGE AND IMPORTANT MEETING

In spite of clouds and a few sprinkles of rain, there was a large attendance of members and guests on the all-day meeting of N. P. Banks Post and Corps.

At the close of the meeting of the Post the doors were thrown open and those who had been collecting in the dining room passed into the auditorium where a social half hour was enjoyed before luncheon was announced. There was quite a list of distinguished guests which included: Ida K. Martin, Past National President, Minnesota; Ida L. Jarvis, National Chaplain, Pasadena, Cal.; Agnes E. Pease, Department President, San Francisco; Jennie Heffelfinger, Department Chaplain, Los Angeles; Mary A. Snyder, Department Inspector, Pasadena; Emma Speer, Department Patriotic Instructor, Santa Monica; Margaret Jenkins, Department Junior Vice President. Redondo; Lizzie Belle Cross, Past Department President, Los Angeles; Mrs. Cody, President Santa Monica W. R. C.; Mrs. Alida Sindle, Past President (94) W. R. C. of Marseilles, Ill., and there were others whose names were not learned.

Guests of the Comrades were: Past Department Commander G. M. Stormont of Pomona, F. A. Lincoln, Chaplain, of Long Beach; A. J. Baldwin of the Council of Administration and National Aid, and others.

A delicious luncheon had been prepared by the committee of arrangements and to accommodate those present as members and guests, the tables were spread and filled twice and then nearly filled again, there being more than two hundred to be served.

After this part of the day's entertainment had been disposed of, the company was called to order in the hall, with Mrs. Milligan, president of the W. R. C., in the chair. The program opened with the singing of "Star Spangled Banner."

Miss Clara Midcalf made an enthusiastic talk in regard to Daughters of Veterans and urged that a tent be formed in connection with the N. P. Banks Post. Comrade Barrett endorsed the suggestion saying it would be a welcome reinforcement of the post. Mrs. Wadleigh of Los Angeles also spoke of patriotic benefits to be derived from such an organization.

Piano and violin numbers were then given by Mrs. Marlenee and Mrs. Welcome.

JOHN ESTERLY AND FAMILY RETURN

John Esterly and family who have been living in Los Angeles have moved into the new home they recently bought on Cherry Street, which is an extension of West Harvard Street. They plan to remodel the house. Their daughter and son-in-law, Mr. and Mrs. McMillan, left for Kansas last Saturday. A letter recently received from them stated that they arrived safely but in the midst of a snowstorm. They have also received a letter from their son, William Esterly, who is in a military hospital in San Francisco. His nurse expressed the opinion that in a couple of months his wound would be sufficiently healed for him to return home.

AUTOS DAMAGED IN HEAD-ON COLLISION

N. W. Clayton of 638 Hellman building, Los Angeles, was driving west on San Fernando Road Sunday afternoon and met Geo. Brown of Burbank, near the pumping plant, driving east. The latter turned in on Grandview Avenue and smashed head-on into Clayton's car, breaking the front wheels. Brown's machine had the radiator caved in and the front wheels and axle considerably damaged.

ONE KILLED, FOUR HURT

MOVIE ACTORS IN AUTO STRUCK BY S. P. TRAIN WITH FATAL RESULTS

Saturday afternoon at about 1:30 a machine driven by Bill Donovan with four other movie actors belonging to the National Film Co. studio in Hollywood as passengers, was struck by an S. P. freight train south bound, at a private crossing about half way between Doran street and the wash. Several cowboy pictures had been taken by a company of actors in the grounds surrounding a ranch house a short distance west of the tracks. They were waiting for five more who were coming from Hollywood in one of the company machines. These were seen finally driving across the tracks from the San Fernando Road and Bill Donovan, driver of the machine, either did not observe a freight train approaching from the north and coasting down the long hill, or else thought he could cross ahead of it. The machine was squarely on the track when struck by the heavy engine with nearly 40 cars behind it. The passengers were hurled in every direction and the machine was picked up, whirled around and dashed against the crossing sign post, bending it half way over and crushing in the right front wheel, also badly splintering the entire machine. Wm. McPherson, called "Bob" by his associates, was almost instantly killed. The back of his head was mashed in and both legs badly broken. The other four men were cut and bruised, none of them seriously, except Tom Morgan. The Glendale Sanitarium ambulance was phoned for at once, and made a very fast run to the fatal spot. Two of the injured were loaded into this and the other two into a company bus and hurried to the Sanitarium hospital, where it was found that Bill Donovan, the driver of the fated machine, "Silver" Carr and Garnett Shirley had suffered only minor injuries. They returned to their homes the same night. Tom Morgan, besides several cuts, suffered an injury to the spinal cord which is very serious but not necessarily fatal. He is still in the hospital. All of the men claim Los Angeles as their home.

McPherson's body was taken to Pulliam & Kiefer's undertaking establishment where it must remain until after the inquest is held, which will probably be tomorrow afternoon. Funeral arrangements will then be made. The wife of the deceased came out yesterday and remained for a short time. They were living at Sixth and Wall streets. McPherson was a new man in the company and little was known about him by the other members. He was taking the character of a cowboy in the scenes to be filmed and was in the full regalia of the range when killed.

The right cylinder of the engine was damaged somewhat, an oil cup broken and a minor part bent. It took nearly an hour to repair the brakes so the train could proceed to Los Angeles. It was in charge of Conductor C. S. Cortney and Engineer Shown. J. D. Huddle was head brakeman.

EVERSONS SOON TO MOVE

Mr. and Mrs. John Everson and family of Sixth Street plan to move into the new home they recently purchased from C. L. Chandler at 611 North Central Avenue in a week or ten days, or as soon as the Chandlers move to their own new home in the hills. The Eversons are not giving up their ranch home, to which they are greatly attached and to which they expect to return, but think it will be advantageous to get nearer the High School in which their daughter is a student, and that the Central Avenue residence will also be more convenient for their son, who is attending Dental College in Los Angeles.

FATHER O'NEILL BEREAVED

Rev. James O'Neill, pastor of the Holy Family Catholic Church of this city, is mourning the loss of his mother. He had not known she was ill until a telegram reached him Saturday that she had died of pneumonia and would be buried today. Barred from the comfort of even attending her funeral services, Sunday was a very hard day for Father O'Neill and for his brother, Charles O'Neill. The dead mother, Mrs. Anna McDonough, was 73 years of age. Born of Irish parents in Boston, Mass., she passed her life in that city. She was the mother of ten children, seven of whom are living all of them in Boston except the two in Glendale. Two of her sons became priests, one belonging to a Jesuit Order at Fordham. He died twelve years ago.

CLUB HOUSE SITE

THE TUESDAY AFTERNOON CLUB COMMITTEE RECEIVES MORE PROPOSITIONS

The interest which the community feels in the plans of the Tuesday Afternoon Club to build a club home is beginning to manifest itself in practical ways. Mrs. E. W. Kinney and Mrs. Charles Temple, who were made a committee to investigate possible sites for a club house, having in view the disposal of the two lots owned by the club on Harvard street near Kenwood, have been much gratified to receive from a public spirited Glendale real estate dealer, two propositions as follows:

No. 1. To take the two club lots and $2000 in cash, and give in exchange lots 1 and 2 in block 4 of the Glendale Boulevard Tract, being the southwest corner of California and Louise with a frontage of 103 feet on Louise and 142.5 feet on California. These lots back up to the Christian Science Church and it is believed the building restrictions can be so modified as to permit the erection of the proposed club house.

Proposition No. 2: To take the two club lots clear and without a cash bonus and give in exchange property at the southwest corner of Doran and Maryland with a frontage of 100 feet on Maryland and 137.75 feet on Doran. The building restrictions on these lots are said to be not enforcible having been invalidated and it is believed they could be modified or removed.

The real estate representative in submitting the offers stated that he would be glad to handle the club end of the deal on either of these propositions without charge.

These two offers together with the propositions put before the organization at its meeting last Tuesday, together with any more that may be received by the committee, will be submitted to the vote of the club at its next meeting.

NEAR EAST RELIEF

ADDRESS BY ARMENIAN MINISTER LAST NIGHT AND RAISING OF FUNDS

A union meeting of the Lutheran and Central Christian congregations was held in the building of the former last evening to listen to the narrative of Rev. V. B. Tahmisian, a native Armenian minister, who when the war began was preaching to a congregation of 1500 at Cesarea in Palestine and acting as director of the American Zion Orphans' Home at Zinjidiere, near there. Nearly a hundred stereopticon views of Turkish, Armenian and Persian scenes were shown first and then Rev. Tahmisian made his address. He told of having been tortured and condemned to death thirteen different times during the five years of the war and he only escaped to America about three months ago. He had been engaged in the work mentioned for several years. He told of the 1700 years' struggle of little Armenia, the traditional site of the Garden of Eden, with the infidel nations surrounding it, upholding at all times its Christian principles. He spoke rather bitterly of France and England who are busily engaged in partitioning the conquered countries that they have no time to prevent the Turks and Kurds from continuing their awful massacres of helpless Armenians. The remnants of his countrymen look to America as their only savior now, he said. He told of many awful massacres he had personally witnessed.

Rev. Tahmisian is a highly educated man, speaking Turkish, Russian, Greek and Syrian, besides his own tongue. His English is quite broken, but can be understood. As showing the universality of education in Armenia, he told of his 10-year-old son who plays the piano well and speaks the Greek, Armenian and Turkish languages.

After the address an offering for Near East Relief was taken and pledges secured for future payments.

The same speaker delivered a similar address in the Congregational Church Sunday forenoon with splendid results, that congregation going over the top in its quota of the $3642 offering allotted as Glendale's portion. The Catholic and Protestant churches of Glendale have raised, to date, in cash and pledges $2500, and other agencies smaller amounts. The drive to complete the sum needed will be put on Tuesday and Wednesday. The city is districted for the purpose and regular teams have the work in charge.

The morning papers carried the news of another massacre a few days ago in Cilicia, which is a part of Armenia.

PRESBYTERIAN CHURCH

GOOD CONGREGATIONS ENJOY FULL PROGRAMS MORNING AND EVENING

In spite of threatening weather the Presbyterian Church was filled with worshipers yesterday morning. Rev. Edmonds gave another sermon in the Isaiah series, "The King of Righteousness." We have no right to be looking for the Millennium unless we have the millennium in our hearts. Read Isa. 11:1-9.

The regular Near East Relief offering was taken and plans made for covering the district assigned to the Presbyterian Church for the house to house drive this week. Offerings were given also in all the Sabbath school classes for this work. The response in every department was splendid.

A number of the young people from the church went to the First Presbyterian Church in Los Angeles to attend the Life Recruit Conference Sunday afternoon. Reports of it were given in the Christian Endeavor meetings in the evening.

Rev. Edmonds' evening sermon was to the young people. "The Rosy Time of Life." Text, Eccl. 11:9: "Rejoice O Young man, in thy youth, and let thy heart cheer thee in the days of thy youth, and walk in the ways of thine heart, and in the light of thine eyes; but know thou, that for all these things God will bring thee into judgment."

POST AND CORPS

(Continued from Page 1)

and Corps Service Flag then took place. Conspicuous figures in this were little Vassar Peckham, dressed in the uniform of the United States Navy, and Gilbert Eckles, in the uniform of the U. S. A., mounted upon chairs on the platform where they were in full view of the audience. They unfurled the banner and silently presented it to Mrs. Julina Hays, of the W. R. C., who in turn presented it to Comrade Robert Taylor of the N. P. Banks Post with a brief speech in which she indicated that Comrade Taylor represented the past, the stars on the service flag represented the men of the present generation, while Vassar Peckham and Gilbert Eckles stood for the men of the future.

Comrade Taylor accepted the banner on behalf of his organization to be kept by it as a sacred trust and to be handed down to future generations, and transferred to the American Legion.

Lizzie Belle Cross spoke feelingly of child welfare work in which she is greatly interested and suggested that children be invited to share the picnic outings of post and corps. Several visitors made talks along patriotic lines and Ada Martin, past national president, indorsed the proposed organization of a tent of daughters of veterans, adding, however, that the Woman's Relief Corps, which receives all loyal women into membership, will continue in existence after the G. A. R. is no more; that it will go on forever.

The singing of a patriotic hymn closed the day's program.

Professor Says: "Internal Baths Give Best Results"

Horace T. Dodge, M. D., Professor of Materia Medica, 25 Jacobson Bldg., Denver, writes Tyrrell's Hygienic Institute of New York as follows:

"I can truthfully say that I have had the very best results in my experience with the 'J. B. L. Cascade.' You certainly have struck the keynote of many diseases."

By means of the "J. B. L. Cascade" simple warm water cleanses the lower intestine the entire length, removes all the poisonous waste therein and keeps it clean and pure, as Nature demands it shall be for perfect health.

You will be astonished at your feelings the morning after taking an internal bath with the "J. B. L. Cascade." You will feel bright, brisk, confident and as though everything is working right—and it is.

It absolutely removes constipation and prevents Auto-Intoxication.

Roberts & Echols in Glendale will show and explain the "J. B. L. Cascade" to you, and will also give you, free on request, a most interesting booklet, "Why Man of To-day Is Only 50% Efficient," by Dr. Chas. A. Tyrrell, of New York, for 25 years a specialist on Internal Bathing. Ask for it to-day.

Mrs. C. M. Robinson, of 1528 Loraine Street, a teacher of sewing and millinery at Polytechnic High, has been quite ill with the flu, but is now able to be out among her friends.

Southern Pacific Company

San Francisco, March 1, 1920

To the Public:

Today the railroad lines of the Southern Pacific Company are returned to their owners for operation. As a war measure they have been in charge of the Government during the last two years and two months. The stockholders in that period had nothing to do with the management.

In taking over the management of this property, the policy of the owners will be to give as satisfactory service as lies in their power in return for the patronage given us; to seek the co-operation of shippers and passengers and of the whole people in having our service reasonably responsible to the public needs.

We have to ask the patient forbearance of the public during the readjustment period of the next six months. It is true during these six months the government continues the standard return allowed the lines while under its control, based on pre-war earnings. This return is subject to certain legislative directions by congress that will affect operations during this period which ends August 31st next. We expect, however, within this six months to mature plans for the future. These plans had to be held in abeyance thus far because of uncertainty as to the legislative conditions to accompany the return of the roads to their owners for operation, and these conditions have been determined by congress only within the last few days. We now have to study what is before us in law and in fact and get our bearings anew.

The operating organization as it existed under Southern Pacific management, has been to some extent disarranged during the period of Federal control and operating practices have been changed, but the benefit of any new practices that may have proved efficient in the public service during the government control period, will of course be retained.

We could not purchase equipment after we entered the war because the government took control and war financing occupied the field while during the rest of the time the question of adequate credit had to wait for answer in congressional action. On the other hand the locomotives and cars in service have been subjected to the most active use and new rolling stock has not been renewed throughout the country in normal numbers for the increase of normal traffic. The burden of extraordinary war movement fell heavily upon all kinds of rolling stock making it impossible to shop the equipment at the proper time and repair work was further delayed by shortage during the larger part of the war period in both men and material.

The problem before us at once therefore is how to put the best use the passenger train cars and the freight cars that are in service, and how to put into good condition for service every piece of equipment to be had. This problem is before every railroad. Abreast of this is the larger question whether the earnings under the new law, the "Transportation Act of 1920," will be enough to establish the credit of the railroads at a point where they can provide themselves with the facilities of all kinds that they need to give the public proper service. We have the will if only we can find the ways and means. These are not easy to find, for an assumed earning of even six per cent and no assurance of that, is not attractive to anyone having money to invest when money is worth seven or eight per cent in the open market.

Hence the effect of the new act of congress upon earnings and upon the credit of the railroads cannot be immediately determined. This act provides for a rate making structure under which during the next two years the railroads will be permitted to earn up to five and one-half per cent annually on the value of the railroads as may be determined by the Interstate Commerce Commission. The commission has power at its discretion to increase these possible earnings to six per cent, the added one-half of one per cent to be used only for improvements to the property.

No guarantee of any kind is given to any railroad, but half of any earnings over six per cent are to be taken by the government to make loans to railroads that may need them for improvements, or to care for obligations falling due, or to obtain and lease equipment to the carriers that cannot afford to buy it.

Obviously these elements in the situation will have to be considered in making our plans. The Interstate Commerce Commission is the deciding body with respect to value of the properties as well as the rates which are to yield the five and one-half per cent return thereon and much will depend upon the vision and promptness of action with which that body accepts its great responsibilities.

In the meantime it is particularly desirable in view of the shortage of equipment that every effort be made by shippers and the railway forces to continue heavy car loading and train loading and to lose no time in loading and unloading cars.

Believing that we will have the full co-operation of the people served by our lines in dealing with the problems presented, it is due them that in thus aiding us they should know what problems we have to meet. You can rest assured we are not idle with respect to them.

WM. SPROULE, President.

Mr. and Mrs. H .E. Van Housen, who recently bought the D. W. Cunningham home at 1320 North Maryland, have just purchased a new touring car. They plan a good many pleasant trips in their new car before moving into their beautiful home.

Loren Babcock, who has been staying for the past year with his father, L. W. Babcock, of 413 North Isabel, while attending U. S. C., left Saturday for Brawley to act as office man and field agent for a Los Angeles produce house, with branches at Brawley and El Centro. This produce company owns a large acreage in Imperial Valley devoted to the raising of cantaloupes and vegetables and also buys from ranchers for shipment to Los Angeles and the East. It also owns 700 acres in Coachella Valley which was all in cotton last year, netting the company one million dollars, Mr. Babcock says.

John Berry of 237 South Orange Street is recovering from pneumonia but will probably be confined to his bed for a week longer. He has been ill for the past three weeks.

Mr. and Mrs. Siple have been down from their ranch, "Mile High," near Beaumont, visiting their daughter. They expect to return today, but may be prevented by the rain.

Louis Leppleman, of 1538 Loraine Street, who has been in the employ of the Public Service Department since returning from overseas service, left his position a week ago to take up new work with a Los Angeles automobile concern. His new position holds great possibilities and his many friends wish him the best of success in his new undertaking.

James Culver, who formrely lived on South Louise, near Windsor Road, and moved to Fredonia, Kas., the old home, about three years ago, was in Glendale over Sunday visiting old friends and looking after his property. He now lives with his wife and son on a ranch near Beaumont, which he will set to cherries. When that is done he expects to return to Glendale to live.

Mrs. E. H. Willisford, Mrs. W. A. Haines and Mesdames Will Straube and Alfred Hickman of Chicago, guests for the past month of Mrs. Haines, attended a reception to the alumni of Hillsdale, Mich., college, at the home of Mrs. C. P. Railsback of Hollywood Saturday afternoon. All four are alumni of this college, and Dr. Willisford is also. There are several other Glendale residents who attended Hillsdale College, but did not compiete the course.

Funeral services over the remains of A. E. Landman, a former resident of Glendale, who died last Thursday at La Vina Sanitarium in Pasadena, will be held this afternoon at the Little Church of the Flowers in Forest Lawn Memorial Park at 2 p. m. Mrs. Landman is at the home of Mrs. C. W. Houston at 440 West Myrtle, her close friend and former neighbor, and she has been joined there by her little daughter, Violet. The two will be with Mrs. Houston for a week or ten days.

Mrs. J. West of 329 North Jackson has recently sold her home to an Eastern party. Mrs. West will move the first part of this week to her new home at 310 North Maryland.

Mrs. Pearl Huff and son, Wright Huff, are visiting Mrs. Hough's parents, Mr. and Mrs. S. E. Wright, of 1000 South Glendale Avenue. Mr. Wright is a railroad man in the express service and at home on a 90-day furlough.

Miss Lillian Webster of 205 East Acacia Avenue, who had been almost helpless and confined to her home by nervous trouble for many months, is now steadily improving and is able to be out some every bright day.

Miss Clara Midcalf, teacher in the Intermediate School, will utilize some of her leisure this week in visiting Los Angeles public schools, particularly the schools for foreign speaking adults and the classes for instruction in citizenship. She will do this having in mind the proposed night classes to be established in Glendale after the influenza ban is lifted provided there is a sufficient demand for them.

Mrs. Robert Abarta, formerly Miss Myrtle Tummell of 121 Milford Street, whose marriage took place in January, at San Francisco, left yesterday for that place, her future home. Mrs. Abarta is one of Glendale's most charming young ladies, and her husband is well known, having spent the greater part of his life here. A host of friends extend to these young people heartiest congratulations and best wishes for a very happy and prosperous future.

DAN CARNEY MOVING TO EAGLE ROCK

Dan Carney of 1320 East Harvard has sold his place to Mr. S. C. Wheeler of Huntington Park. Mr. Carney has built a home in Eagle Rock and will move Monday. Mr. Wheeler is moving in the same day. He has a family, some of whom will attend the High School and the family will mean quite a desirable addition to Glendale.
